## Summary of Experiences:

I'm a business-minded individual with a passion for technology and a strong interest in computer science, particularly Software Development and data analysis. Proven track record of leadership and initiative, as demonstrated by experience running small businesses and serving as president of Talifhani Combined School. I'm skilled in working with numbers and analyzing data to drive business decisions. Seeking to leverage this experience and entrepreneurial spirit to pursue a career in technology, with the ultimate goal of launching a startup. I have strong communication and interpersonal skills, along with a drive to continuously learn and grow in the field of computer science and analytics.
